21

Description of AE

22

Description of AE should contain the following:

* Report all symptoms
* Report the AE severity, if assessed (see)
* Report the date of onset/occurrence and duration (see)
* Investigator and study of which the AE occurred (see)
* Investigator's evaluation of the event and response
* Treatment given (name, dose, route, frequency, and duration)
* Clinical course and outcome
* Any other relevant information to the event

Additional AE follow-up information
